To Whom It May Concern:

This letter is to inform you that all Maxtec Oxygen analyzers and monitors listed below are not manufactured with natural rubber latex and do not contain mercury:

*HANDI™

*UltraMax O2

*MAXO2 +A

MAXO2 +AE

MaxO2 ME

MaxVenturi

MaxBlend2

Max-250, 250E, 250+, 550, 125

* These analyzers utilize PVC tubing which in normal use will not contact the patient. The PVC tubing does not contain DEHP.

Should there be any questions or concerns regarding the above statement, please feel free to contact Maxtec, LLC at quality@maxtec.com and/or customerservice@maxtec.com
